

# The Next **Step** In Growing Your Business!

## Your Own Internet Pool & Spa Parts Shopping Cart

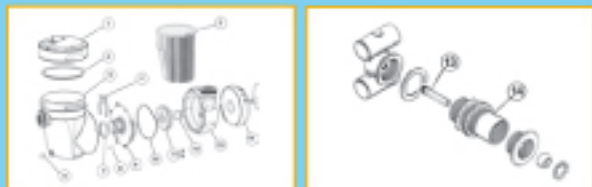

### FEATURES

- Links from your website
- Your company name and information will appear on it
- Your customers can shop from home or research what they need
- Pick up business from outside your market

### HOW IT WORKS

- APC receives order when it's placed
- APC ships the order to your customer
- The payment is transferred to your bank account
- APC sends you an invoice

**IT'S LIKE HAVING 25,000 PARTS IN STOCK  
AND NEVER HAVING TO WORRY ABOUT RUNNING  
OUT OR HAVING THE TIME TO SHIP THEM.**

Your customer will easily be able to search and find their filter, pump, heater and many more products. They can then look at the exploded diagram for the part they need and order it on the same page.

It's an attractive site that will be easy for your customers to find the parts that they need to purchase from you.

APC will do all the updating of products, parts, pricing, images and other important information when it becomes available. Your customers will always have a current data base.

You've always wanted to have your own shopping cart but didn't have the time to get it done or were put off by the large expense.

Well now you can have it. APC has developed a shopping cart that will link to your web site and you won't be burdened with a lot of extra work.

**Call Your Baystate Sales Rep or APC at 800.234.6700 for more details.**
